WHEN VISITING JASPER NATIONAL PARK!

It is only in recent years that Maligne Lake has become easily accessible to all who wish to visit this famous beauty spot high in the mountains. The 30 mile trip from Jasper in to the Lake is a thrilling adventure in mountain travel. Beginning with a 17-mile scenic drive along the Maligne River and the awesome Maligne Canyon, the tour takes you up through piney forests to Medicine Lake. THE FISHING ... IT'S WONDERFUL!

Nothing but trout! What a place for a keen fisherman . . . Maligne Lake is the most consistently good fishing spot in Jasper Park. This is the place for gamey speckled trout, often as large as four pounds, while a few rainbow also inhabit the Maligne area. Trim boats and canoes with outboard motors are available at the lodge boathouse, and we can usually tip you off about where the biggest fellows are striking.

There's really exciting fly fishing in the eddies and holes of the Maligne River, and smaller lakes in the area offer splendid opportunities. If you love to fish, Maligne is your spot!
